

## LEONARD CLEANABLE REFRIGERATOR

Keeps Food Fresh and Clear.

If you want a real good Refrigerator—one that has been tested and not found wanting, we do not hesitate to recommend the "Leonard Cleanable Refrigerator."

Refrigerators that are damp and allow food to become mouldy give lodgement to germs.

A microbe hasn't a chance to live in a "Leonard."

It is dry, safe and reliable because it is made on the most scientific principles of refrigeration. It has eight walls, porcelain lined, air-tight doors, and its perfect air circulation will not permit the different articles of food to taste of each other.

When you see it you will instantly recognize its superiority over other refrigerators.

The large lanai just lately built has a splendid floor for dancing and the music furnished by a string quintette was the best dance music we have had on Maui for some time. In the earlier part of the evening Mr. Westcott entertained the guests with two of his popular selections and Mr. Muller of Kihei was very pleasing with a dialect song and a descriptive ballad. Refreshments were served about midnight and a number of guests departed for home while others remained to enjoy the good music. It was sometime after midnight when the last guests finally bid the genial host and hostess aloha nui. The evening was certainly one of the events of the season.
